

## AGROFLAT + COUPLINGS

Abrasion-resistant NBR flat hose with polyester fabric reinforcement and pre-fitted couplings for irrigation, pumping systems and industrial applications

|                     |                                                                                                                                                          |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Applications</b> | irrigation, agriculture, pump technology, construction machines, cleaning                                                                                |
| <b>Structure</b>    | NBR coated fabrics, black, opaque, cross braid                                                                                                           |
| <b>Temperature</b>  | -30°C up to 80°C                                                                                                                                         |
| <b>Properties</b>   | very high pressure resistance, very good abrasion resistance, very good flexibility, very good low-temperature flexibility, good oil & petrol resistance |
| <b>Optional</b>     | different diameters and different lengths available by request                                                                                           |

| Inner Diameter (mm) | Outer Diameter (mm) | Wall Thickness (mm) | Max. Operating Pressure (bar) | Burst Pressure (bar) | Total Weight per Piece (kg) | Length (m) | Article Number |
|---------------------|---------------------|---------------------|-------------------------------|----------------------|-----------------------------|------------|----------------|
| 50                  | 54,00               | 2,00                | 20,00                         | 60,00                | 9,72                        | 20         | 114000050020   |
| 75                  | 80,00               | 2,50                | 17,00                         | 45,00                | 17,24                       | 20         | 114000075020   |
| 102                 | 107,00              | 2,50                | 17,00                         | 52,00                | 23,30                       | 20         | 114000100020   |
